## Founder Late Smt. Suryamukhi Devi

(08.07.1932-13.06.2003 )

Late Surya Mukhi Devi was deeply involved in women's Education. She was dedicated in improving the chances of women's advancement in New India through Education. She worked for 42 years in Education Department at the state of Bihar. She was a woman of action and multifaceted. She has always dreamt of educating and empowering women's with a bright future. She has helped women's in developing skills that allow them to make decisions and influence community change in key areas. She has been regarded as a landmark in the approach towards health & women's education.

A little progress adds up a big result.

# Chancellor's Message

**Dear Students and Parents,**

**Greetings from SURYAMUKHI UNIVERSITY.**

Three decades ago my vision to start an educational institution was born, and right from the inception of **SURYAMUKHI UNIVERSITY**,

our institution has grown manifold, becoming a symbol of educational excellence. I am grateful to God for enlarging the boundaries of our institution and accomplishing the next milestone.

Education has evolved in India, changing the way students engage with teaching. Teaching styles have also changed significantly over the years, making modern education a dynamic process of learning & teaching, enabling students to learn and apply at the same time.

We offer multi-disciplinary courses and a plethora of activities for all-round development of young individuals. Every student will enjoy state-of-the art infrastructure, cohesive academic programs, a conducive environment, contemporary classrooms, exceptionally competent faculty and robust cultural activities and sports.

Being a part of Degree College is the best decision you will make, as you take the next step towards fulfilling your dreams!

God bless you!

Dr. Kumar Anand Ranjan

LL.M, Ph.D

# Chairman & Managing Director

Suryamukhi University has already occupied an esteemed place among the universities of India for over a two decades now. It has seen considerable growth in the last few years with the introduction of new courses of study, new disciplines, and new initiatives. We are constantly responding to the challenges of the changing academia by defining our strengths and building our distinctive character and identity. We are proud of our innovative ideas and progressive approaches in every domain of activity and our focus will be in identifying opportunities for growth.

India is shining bright on the International horizon, with its efforts for becoming a Skill Hub in the world. The Indian Government has initiated many schemes to train its youth in various skills, as our industry has a huge shortage of skilled people and at the same time it has the highest population of youth as compared to any country in the world. Our country can become prosperous if we provide skill based opportunities to our youth. The conventional system of education has been producing, only graduates and post graduates, which do not enable them to get good opportunities. The skill based students get better opportunities through many self employment schemes.

Suryamukhi University in the retrospect has made strong endeavors to contribute in social and economic development through the advancement and application of knowledge and shall continue to do the same in future also. The role of practical education is necessary for the effective creation, dissemination, and application of knowledge and for building financial capacity and this is well reflected in the development policy of the University.

Suryamukhi University is following the pragmatic footsteps to impart the best in a highly competitive economy by adequately preparing to capitalize on the creation and use of knowledge. It has planned to put in place an enabling framework that encourages its all institutions to be more innovative and more responsive to the need of a globally competitive knowledge economy and to the changing market requirement for advanced human capital.

Suryamukhi University is following the pragmatic footsteps to impart the best in a highly competitive economy by adequately preparing to capitalize on the creation and use of knowledge. It has planned to put in place an enabling framework that encourages its all institutions to be more innovative and more responsive to the need of a globally competitive knowledge economy and to the changing market requirement for advanced human capital.

The University plans to enhance its canvas of programmes and its quality through the visionary and other eminent experts. We plan to expand our coverage in a sustainable way while enhancing equalities of access and outcomes, quality and relevance

We, as responsible and patriotic group of professionals, who want to contribute to his gigantic cause of our National growth. We had deliberations with many professional houses and found out the way, we want to join this huge work of national importance. We are initiating a five point program, the details of which are given under:-

We have a target to provide self-employment opportunities to 10 Lac students so that they become the masters of their own destiny.

We will impart "Financial Education" to these 10 Lac students and train them in "Our Skill Based programs".

And we will help them to give their contribution to environment by planting 10 Lac trees nationwide.

We will guide them to set up 10 Thousand Modern Ayurveda Wellness Centers to promote wellness.

We will set up 5 thousand libraries nationwide, which will equip them with latest knowledge and technologies.

The contribution of the University faculty, administrative staff and students in imbibing the true academic values and enhancing the academic ethics has been immense. I on behalf of the university fraternity, look forward to the constructive cooperation and assistance of all associated with it in various capacities as stakeholders for the development of University.

**Dr. S.K. Prasad**

**CA, MBA (Finance), Ph.D.**

**A little progress adds up a big result.**

## About SMU

Suryamukhi University has always occupied an esteemed place among the universities of India for over a two decades now. It has seen considerable growth in the last few years with the introduction of new courses of study, new disciplines, and new initiatives. We are constantly responding to the challenges of the changing academia by defining our strengths and building our distinctive character and identity. We are proud of our innovative ideas and progressive approaches in every domain of activity and our focus will be in identifying opportunities for growth.

The Suryamukhi University is largely dedicated to graduate and postgraduate studies in multiple disciplines and is widely known for its excellence in research and for its distinguished faculty. The faculty of the Suryamukhi University have a high national and international profile and have been recipients of major national and international awards. Several of our faculty also belong to major national and international academies.

Identified as one of the Unique universities in scientific publications and having strong research-focused disciplines, our students will have the benefit of research enriched education.

Let us all work towards our mission of creating an environment of stimulating intellectual dialogue across disciplines and harvesting knowledge with a cutting-edge through high quality teaching, research, and extension activities leading to the generation of students who would provide leadership, vision and direction to society while we uphold the highest ideals of greatness of knowledge and the commitment to adhere to truth.

take this opportunity to welcome the students to this citadel of learning which provides multidisciplinary learning opportunities complemented by work-integrated learning with accent on all round personality development.

I am confident that you will experience a rewarding journey.

### **A PLACE LIKE NONE OTHER**

Suryamukhi University is one of the youngest affiliating Universities in India. Established in 1994, it is a University with a distinctive academic profile, blending in itself commitment to rural ethos and a modern spirit.

The academic life on the campus is vibrant and exciting with seminars, symposia, special lectures and workshops throughout the year. Both the conventional and non-conventional courses of study have updated syllabi responsive to the needs of the contemporary society and the research orientation are innovative, original and directed to societal needs. The main campus is in the lap of a lush, picturesque locale providing the right ambience for University education.

# Engineering Courses

Course	Duration	Eligibility	Fee
Diploma in Computer Science	3 years	12th	35000
Diploma in Civil Engineering	3 years	10th or equivalent	Rs.30,500/- per semester
Diploma in Electrical Engineering	3 years	10th or equivalent	Rs.30,500/- per semester
Diploma in Computer Science	3 years	10th or equivalent	Rs.30,500/- per semester
Diploma in Mechanical Engineering	3 years	10+2 or equivalent	Rs.30,500/- per semester
Diploma in Electronics and Communication Engineering	3 years	10th or equivalent	Rs.30,500/- per semester
Diploma in Electronics and Electrical Engineering	3 years	10th or equivalent	Rs.30,500/- per semester
Diploma in Information Technology	3 years	10th or equivalent	Rs.30,500/- per semester
Diploma in Plastic Engineering	3 years	10th or equivalent	Rs.30,500/- per semester
Diploma in Automobile Engineering	3 years	10th or equivalent	Rs.30,500/- per semester
Diploma in Chemical Engineering	3 years	10th or equivalent	Rs.30,500/- per semester
Diploma in Production Engineering	3 years	10th or equivalent	Rs.30,500/- per semester
Diploma in Industrial Engineering	3 years	10th or equivalent	Rs.30,500/- per semester

A little progress adds up a big result.

# Undergraduate Courses

Course	Duration	Eligibility	Fee
B.Tech in Plastic Engineering	4 Years	12th	60000
B.Tech in Plastic Engineering	4 years	10+2 with PCM or equivalent	Rs.38,500/- per semester
B.Tech in Civil Engineering	4 years	10+2 with PCM or equivalent	Rs.38,500/- per semester
B.Tech in Electrical Engineering	4 years	10+2 with PCM or equivalent	Rs.38,500/- per semester
B.Tech in Computer Science and Engineering	4 years	10+2 with PCM or equivalent	Rs.38,500/- per semester
B.Tech in Mechanical Engineering	4 years	10+2 with PCM or equivalent	Rs.38,500/- per semester
B.Tech in Electronics and Communication Engineering	4 years	10+2 with PCM or equivalent	Rs.38,500/- per semester
B.Tech in Electronics and Electrical Engineering	4 years	10+2 with PCM or equivalent	Rs.38,500/- per semester
B.Tech in Information Technology	4 years	10+2 with PCM or equivalent	Rs.38,500/- per semester
B.Tech in Rubber Technology	4 years	10+2 with PCM or equivalent	Rs.38,500/- per semester
B.Tech in Chemical Engineering	4 years	10+2 with PCM or equivalent	Rs.38,500/- per semester
Bachelor Of Science in Information Technology	3 years	10+2 or equivalent	Rs.38,500/- per semester
Bachelor in Computer Applications	3 years	10+2 or equivalent	Rs.38,500/- per semester
B.Tech in Production Engineering	4 Years	10+2 with PCM or equivalent	Rs.38,500/- per semester
B.Tech in Metallurgical Engineering	4 Years	10+2 with PCM or equivalent	Rs.38,500/- per semester
B.Tech in Instrumentation	4 Years	10+2 with PCM or equivalent	Rs.38,500/- per semester
M Tech in Plastic Engineering	2 Years	Graduate	80,000
Master of Computer Applications	3 years	Graduation in relevant field	Rs.40,500/- per semester

A little progress adds up a big result.
